Senior Recognition

The school district will recognize the outstanding academic achievement of its graduating seniors in the following manner:

The senior student who has met all of Central City Public School's graduation requirements and who is ranked first in the class will be selected as the Valedictorian; the student ranked second in the class will be selected as the Salutatorian. Ranking will be based on the weighted grade point average.

Only students who have attended Central City High School for the duration of their final two semesters of their academic career will be considered for the valedictorian or salutatorian award.
