DISTRICT GOALS 2017-2018

Board/District Goals

PRIORITY GOALS:

1. Develop a positive culture that promotes student excellence in academics, athletics, and in activities through a district wide approach. The culture should also be one in that is built on mutual support and praises and recognizes the accomplishments of students and staff.
 - a. Continue to raise test scores in all curricular areas.
 - b. Emphasis on data analysis.
 - c. Emphasis on student transitions.
 - d. Continuous curriculum review.
2. Provide leadership opportunities for students and staff.
3. Continue the focus on community, family, the Core Values, and the “Bison Way.”
4. Continue to develop the foundation and eventual establishment of a Career Pathway Initiative through research, defining the academic focus, expanding student opportunities, and developing a relationship with local and regional businesses.
5. Enhance District communication with students, parents, and community while modeling proper use of modern communication tools.

LONG-TERM GOALS:

1. Implement a career pathways institute that expands student-learning opportunities in career fields that promote economic development in the region and supports community needs.
2. Develop a long-term plan for facilities that explore district needs, the future of education, and looks progressively at student needs.
